■ Should be illegal ■ Should be legal in all circumstances ■ Should be legal in only certain circumstances ■ No vote

Which of the following approaches below do you believe needs to be taken to address our infrastructure costs?

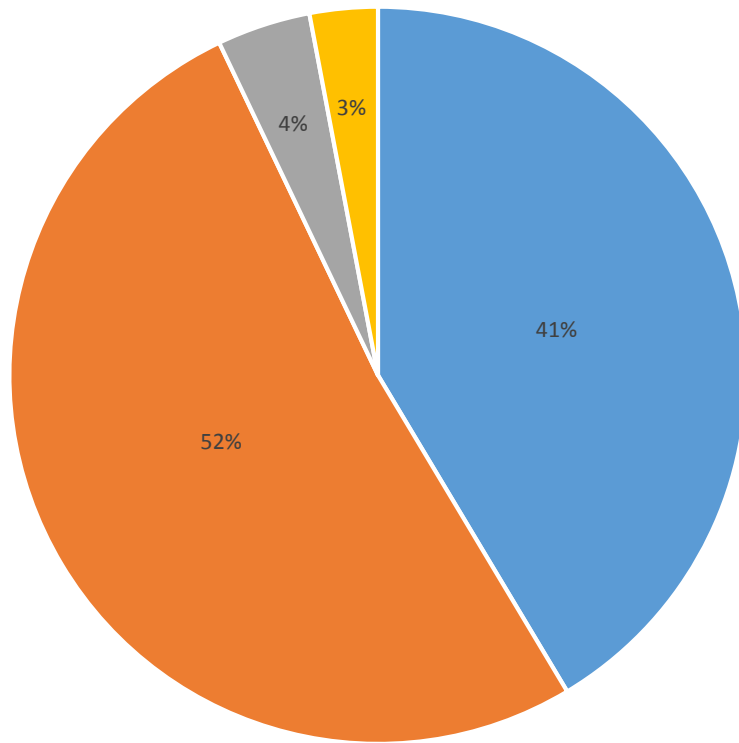

- Do a combination of money saving reforms and raising taxes and fees at the same time
- Look for ways to reform and save money within the Department before we raise taxes and fees
- Raise taxes and fees to cover the shortfall
- No vote

What answer below is the closest to your view on public safety?

- Given the nature of the crime, first time offenders should be given a second chance but repeat offenders should be dealt with more effectively even if that means higher bail and tougher sentences
- We should focus on protecting citizens first
- We should reduce the number of offenders sentenced to prison by lowering bail and increasing alternative programs that allow offenders to remain in society
- No vote

Which action do you feel should be taken to solve the issue of driving without insurance?

- Create a system to track compliance
- Increase the penalties for drivers convicted of driving without insurance
- Nothing, I do not care if people drive without insurance
- No vote
